

Interruptible Heat – Storage

Policy 5.005A

Rate Schedules: D1 (MN), D2 (IA), DYI (Assoc'd w/ Y1)

Policy Amended: August 27, 2024

Signed by: Jack Korman, Board Chair

AVAILABILITY

Available to members for approved, permanently connected, and separately metered home heating applications where another metered electric service is used for lighting and other purposes.

Electric service provided under this schedule is subject to all applicable policies of Freeborn Mower Electric Cooperative (Cooperative) and a member service agreement. This schedule is not available in Minnesota service areas formerly served by Interstate Power and Light (IPL).

The member must have an electrically powered heating storage system installed. This load is subject to load control and must be separately metered by the Cooperative. The Interruptible Heat-Storage rate will not be available if net metered distributed generation is installed.

A member taking service under this schedule is subject to the following conditions of service:

1. Service shall be interrupted by a radio receiver or other automatic means provided by the Cooperative. The member is responsible for any electrical wiring required to install the necessary control equipment.
2. In every 24-hour period, storage heat will charge for 10 hours and be off for 14 hours on a schedule as determined by the cooperative and its wholesale power supplier.

TYPE OF SERVICE

Single-phase, 60 cycle at 120/240 volts.

RATES

Basic Service Charge	\$3.25 per month
Energy Charge	Summer (June -September): \$0.1170 cents Winter (October May): \$0.0530 cents

All services are required to pay the monthly Basic Service Charge regardless of kilowatt-hours (kWh) used. No temporary disconnections are permitted. If service is disconnected for more than 12 consecutive months, such disconnections are considered permanent.

TAXES

Member bills for service under this schedule are subject to any applicable taxes.

POWER COST ADJUSTMENT

The above rates are subject to adjustment due to increases or decreases in wholesale purchased power costs.

TERMS OF PAYMENT

The net amount stated on the bill is due on the specified due date each month. If this date falls on a weekend or holiday, the due date is the next business day. The gross amount is due if payment is received after the due date. The gross amount includes a late payment charge of 1.5% of the total amount due.
